Preface

Saraswati Vidya Mandir is an integral part of Shishu Mandir yojana. we are blend of Indian and modern education system. Our focus is overall development of student which means physical, mental, and spiritual development. We believe that neither school nor home alone can take care of student, so we request parents to ensure same environment at home which he/ she gets in school which is necessary for the development of student. Immigration of talent is major concern of our country. So keeping this in mind, we have tried to develop an education system which fills student with positive thinking nationalism and patriotism. Today Vidya Bharti is widely expanded from Lucknow to Laddakh, Kutch to Kerala and Atak to Katak. Vandana and Vande Mataram are sources of perfect energy which enables students to work hard tirelessly.

The great driving force and visionary revered Bhaurao Devras, former supreme guide of Vidya Bharti carried the torch of the organization, which is illuminating country for love. He also founded thousands of Saraswati Vidya Mandir & Shishu Mandir throughout the country.

We teach them learning by doing method. It's like a second home for kids . Kids interact with children of their age. We try to develop sense of creativity in students. We enhance the student's aesthetic sense, responsibility, attitude of co-operation and helping others. They learn craft by prompting deft skills for making out of craft material. Shishu Vatika is a place to inculcate and enhance the creative sense of students from very early stage.

Vidya Bharti

"Vidya Bharti Akhil Bhartiya Shiksha Sansthan" is an organization of education. Vidya Bharti runs 23320 institutions across India through provincial and regional committees, in which more than 34 lakh students are receiving teachings and values under the guidance of 147634 Acharyas (teachers). Of these, there are 49 teachers training colleges and research institutes, 2353 secondary schools, 923 higher secondary schools, 4164 junior high schools, 5312 primary, 633 pre-primary, 6127 single-level schools and 3679 sanskar centres.

School

A school is not a building made of brick and mortar, in which there are different types of students and teachers. School is not a market, where knowledge is imparted to reluctant individuals with different abilities. A school is not the platform of a railway station, where a crowd of different people gather for different purposes. School is a spiritual organization, which has its own specialty. The school is a dynamic community centre, which radiates life and energy all around. The school is a wonderful building, built on goodwill. Goodwill of parents, goodwill of students. In short, a well-run school is a happy family, a sacred temple, a social center, a state in miniature and a beautiful Vrindavan, which has a mixture of all these things. - Swami Vivekananda
